

Leave **MRSA** in the pig barn

Help reduce the risk of spreading livestock MRSA

Wash and dry your hands and apply alcohol-based hand sanitizer

1

- Wet your hands and wrists
- Apply soap

Apply soap:

- to the palm and the back of your hands and wrists
- between your fingers

- Lather for min. 15 seconds

- Rinse hands until clean
- Dry hands with a paper towel

- Use a paper towel when turning off the tap

2

Apply sanitizer to clean and dry hands for 30 seconds.

Use enough sanitizer to keep hands moist for min. 30 seconds.

Scrub

- the palm and back of your hands and wrists
- between your fingers

Rub sanitizer for minimum 30 seconds until hands are completely dry.
